## **TAKE PRECAUTIONS FOR FREEZING WEATHER**

(KILLEEN, TEXAS): With the possible freezing weather forecasted for this weekend, be sure to remember the 4 P's: pets, plants, pipes and people.

If you have a dog or cat outdoors, bring them inside or provide another space for them to stay warm.

Plants that can be brought indoors should be, and those that have to remain outside should be covered to avoid damage.

To protect your pipes in freezing weather, unhook hoses from outside faucets and wrap exposed pipes with insulation. Inside your home, open the cabinets underneath your sinks. This will let warm air from the house keep your pipes from freezing. You may want to let a faucet drip to avoid pipe breaks.

If you or someone you know is without shelter, the Families in Crisis Homeless Shelter can offer assistance. The shelter is located at 412 E. Sprott Street.
